Three Keys to Maximize Benefits of Essential Rewards:

1. **Maximize Referral Compensation:**

You will not lose out on compensation, if someone you refer, orders without your knowledge. (You are eligible for referral compensation as long as you place a \$50 order during the month. Although it doesn't have to be an Essential Rewards order, the convenience of Essential Rewards gives you the assurance that you will not miss out on compensation. Purchase a minimum of 100PV ER order to qualify for all Young Living bonuses and commissions.)

2. **One grace month:**

Use the grace month (of not placing an Essential Rewards order) if necessary by notifying Young Living ahead of time. If you fail to notify Young Living, you lose your accumulated points and have to start over at the lowest receiving percentage.

3. **Consistent participation:**

Commit to participating at the minimum dollar amount you choose so that you never have to start over to get to the maximum percentage of product received. (If you drop below \$50 in consecutive participation month 8 - receiving 15%, you would have to start again at a month 1 rate - receiving 10% for the next 6 months to progress to the 15% rate again.)
